CHARLES JACOB GALVAN

BUCKEYE AZ 85326

MINUTE ENTRY

The Court has received Father's Petition for Enforcement of Ruling filed June 8, 2016. The Petition alleges that Mother has violated court orders regarding out of state travel. Father does not reference a specific order.

The parties have a Parenting Coordinator. Even if Father had identified a specific court order, the issue of travel must be addressed with the PC. The PC may make recommendations to the parties and the Court regarding rules for travel and sanctions for violations of those rules. The PC then issues a report stating the recommendations. The Court will adopt the report as an interim order and provide the parties with the opportunity to object to the recommendations. This process is set forth in Rule 74, Arizona Rules for Family Law Procedure. Accordingly, the Court will take no action until the parties have presented the issue to the PC for resolution and recommendations.

All parties representing themselves must keep the Court updated with address changes. A form may be downloaded at: <http://www.superiorcourt.maricopa.gov/SuperiorCourt/Self-ServiceCenter>.
